

# USB 2.0 to DVI VGA HDMI adapter

## Description

The USB 2.0 to DVI Adapter enables you to connect any monitor, LCD or projector to your PC or notebook. By using the included adapter DVI to VGA and DVI to HDMI, you can also connect VGA and HDMI monitors. In order to connect several monitors, etc. to a PC, you simply need an additional adapter for each display. You can connect up to 6 adapter to one PC. The USB 2.0 Adapter can mirror, turn and extend the display. If you use this external USB 2.0 technology, you do not need an additional VGA card.

Ref. 61644

EAN 4043619616442
